Building a Neighbourhood Plan

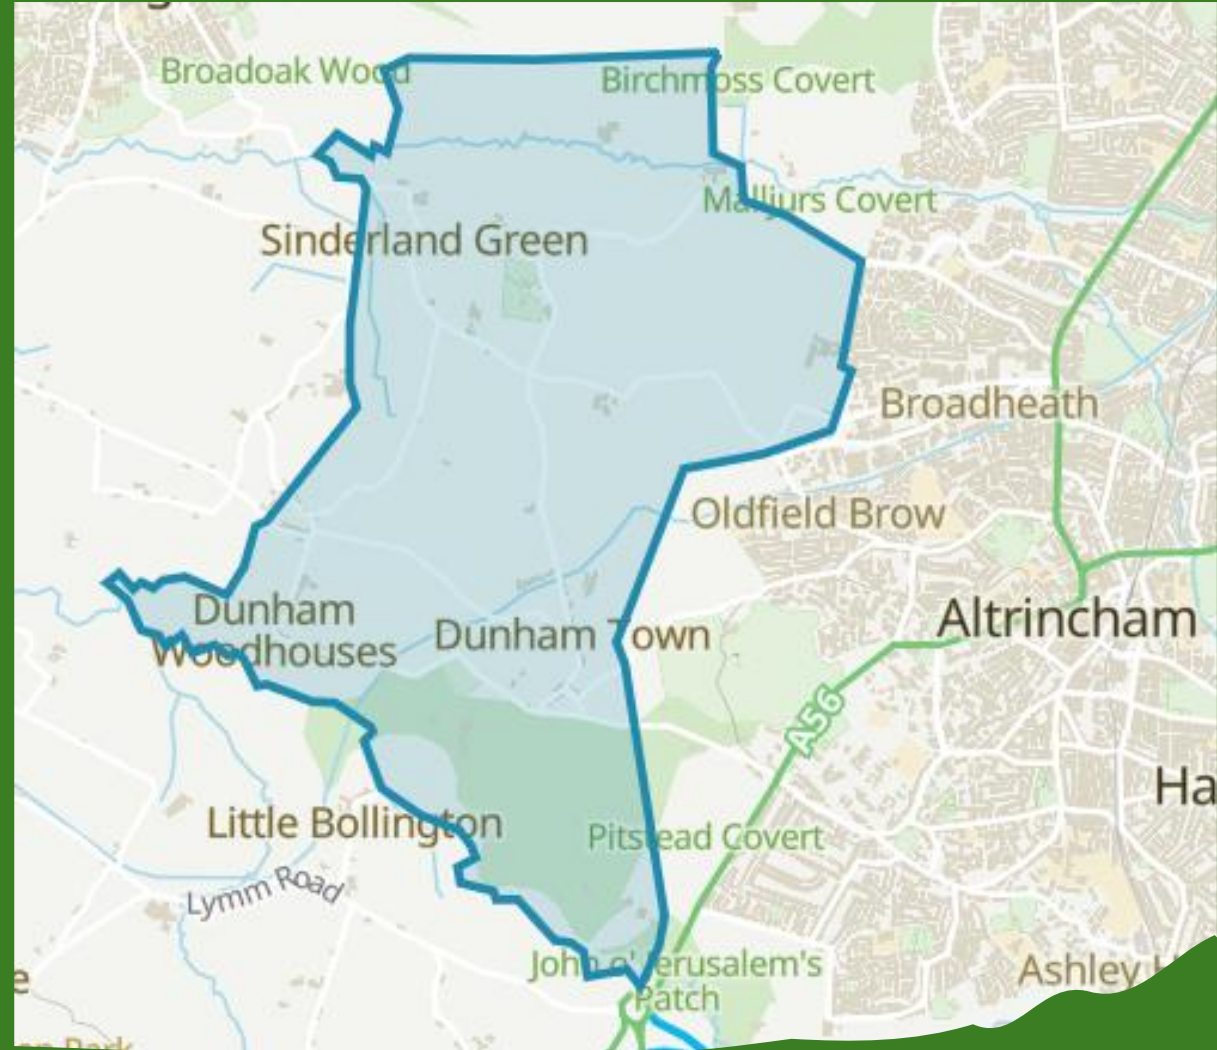

Do you want a say in shaping the future development of Dunham Massey?

Are you interested in preserving Dunham Massey's character, protecting its green spaces, and extending our conservation area?

The Parish Council believe we should maintain our unique identity. An identity under threat due to **developments** such as New Carrington Masterplan, and recent changes in building policy.

The Parish Council feel the best way to do this is to create a Neighbourhood Plan giving Dunham Massey residents a say in how the area **grows and evolves** over time.
